

Spring, 2020

---

Applied mathematics for engineering

Machine learning and its application (2)

Viscous fluid dynamics

Engineering ethics and research methodology

Fall, 2020

---

Seminar in mechanical science (1)

Machine learning and its application (3)

Master's thesis research (1)

Convective heat transfer

Theory of turbulent flow

Spring, 2021

---

Seminar in mechanical science (2)

Algorithms and their applications

---

Cumulative GPA 4.18/4.30

Total passed credit: 30
